

IHCDA's 2009 Single Family Conference

The Indiana Housing and Community Development Authority (IHCDA) would like to cordially invite you to our first Single Family Conference. Do not miss this opportunity as we will be presenting new ideas on exercising leadership to our homebuyers and discussing Single Family goals in four main topic areas:

Networking between different IHCDA affiliates,
Positive circles of Leadership,
Procedural perspectives from Lenders, Inspectors, Realtors and Not-for-Profit Organizations, and
A breakdown of our IHCDA programs on how they can benefit your clients and your business

To help see this conference reach it's full potential, we would also like for you to extend this invitation to your affiliates. Please feel free to pass this invitation onto the Realtors, Builders and Inspectors that you converse with on a daily basis!

Register today to reserve your spot as space is limited!
